

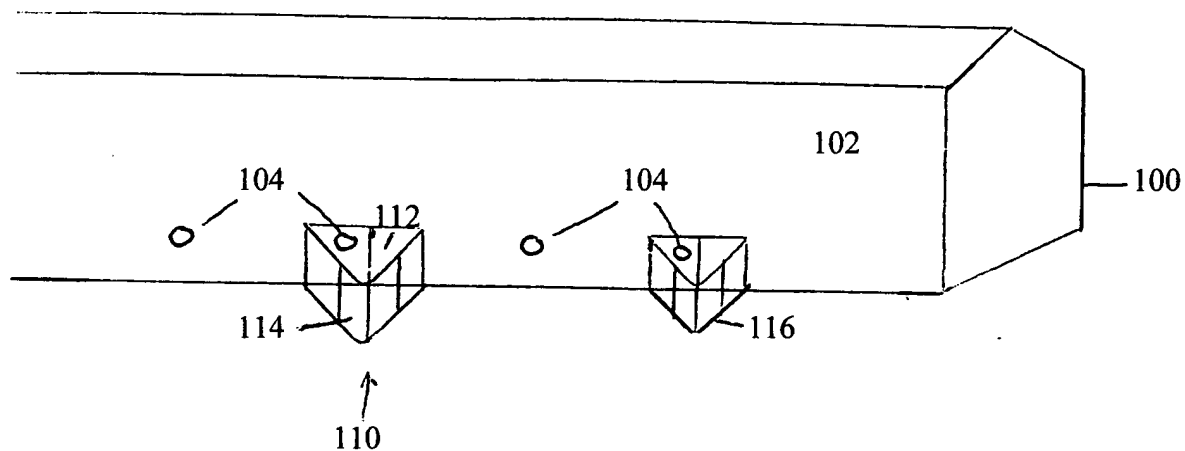

Figure 1

- 100 – Structure housing animals
- 102 – Exterior wall of structure
- 104 – Ventilation exhaust ports from structure
- 110 – Filter system
- 112 – Filter system top section
- 114 – Filter system side section
- 116 – Filter system side section frame

- 112 – Top filter system
- 114 – Side filter system
- 116 – Filter system side section frame
- 119 – Space for filter medium
- 402 – Support bar for top filter system
- 403 – Porous mesh surrounding top and side filter system to contain filter medium

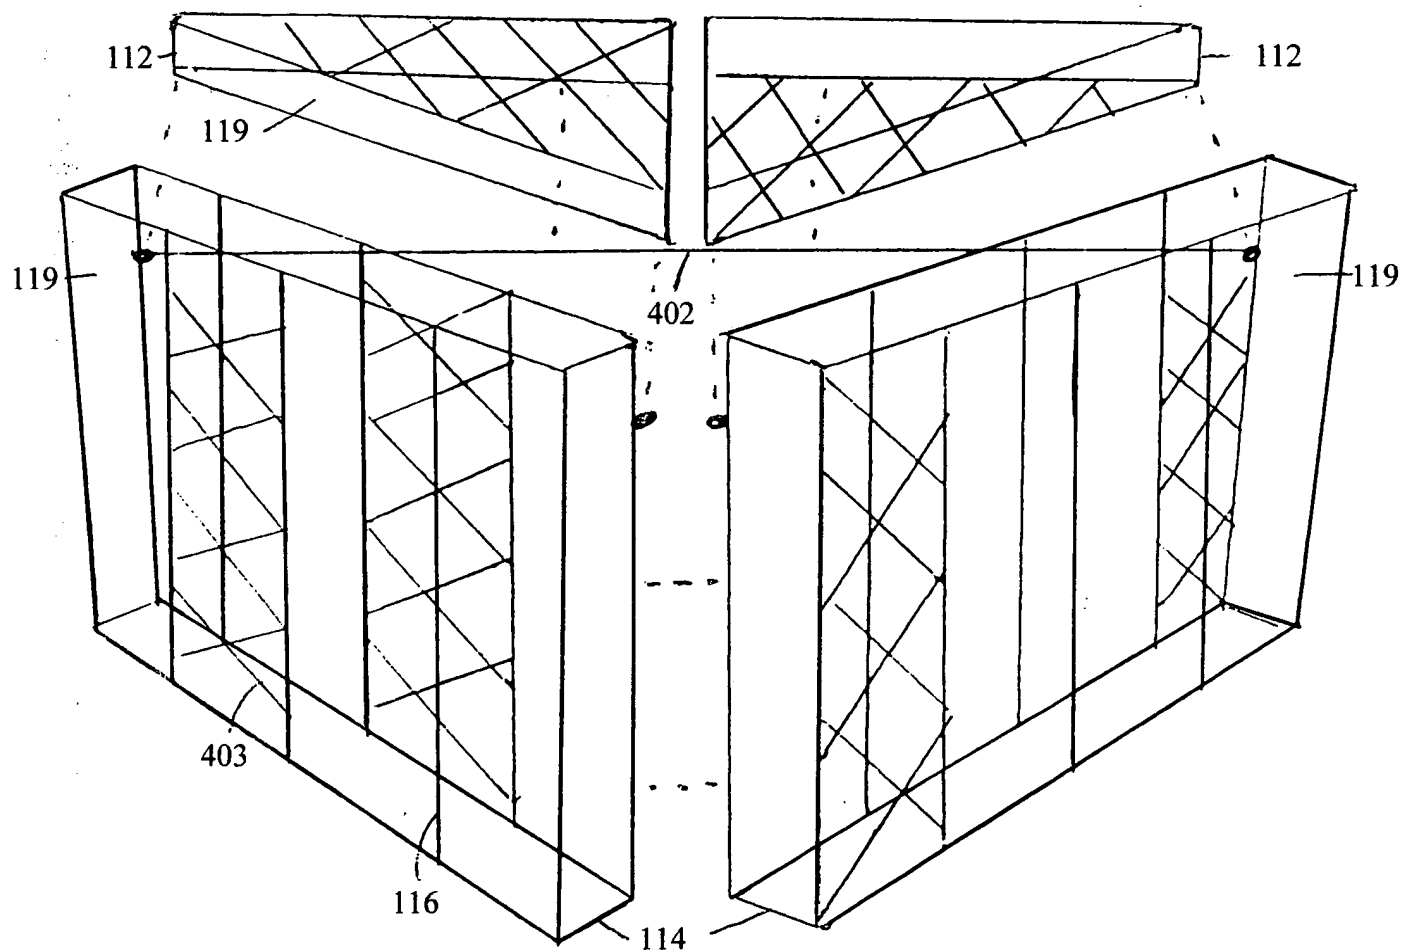

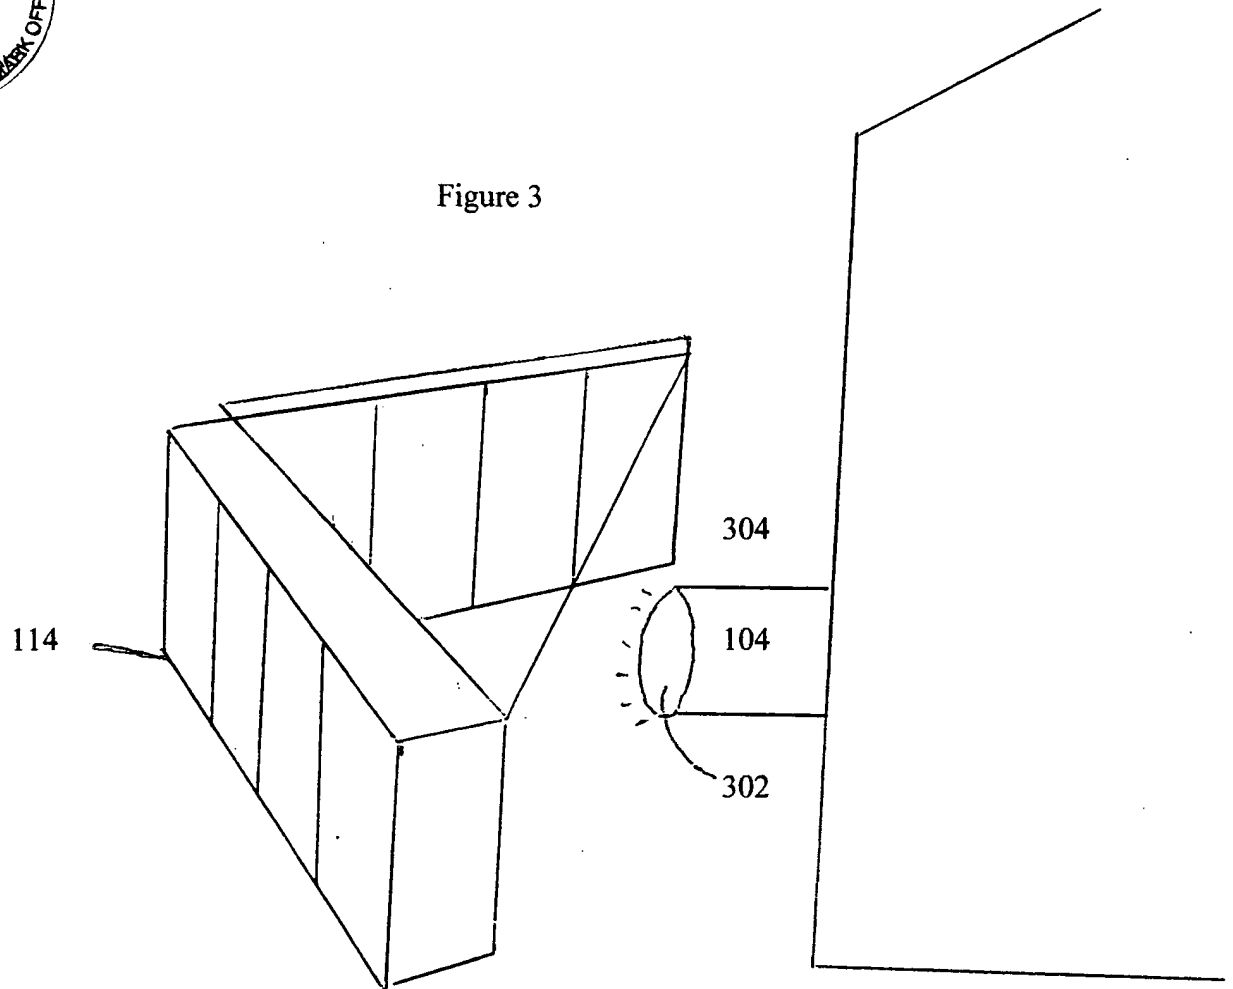

Figure 2

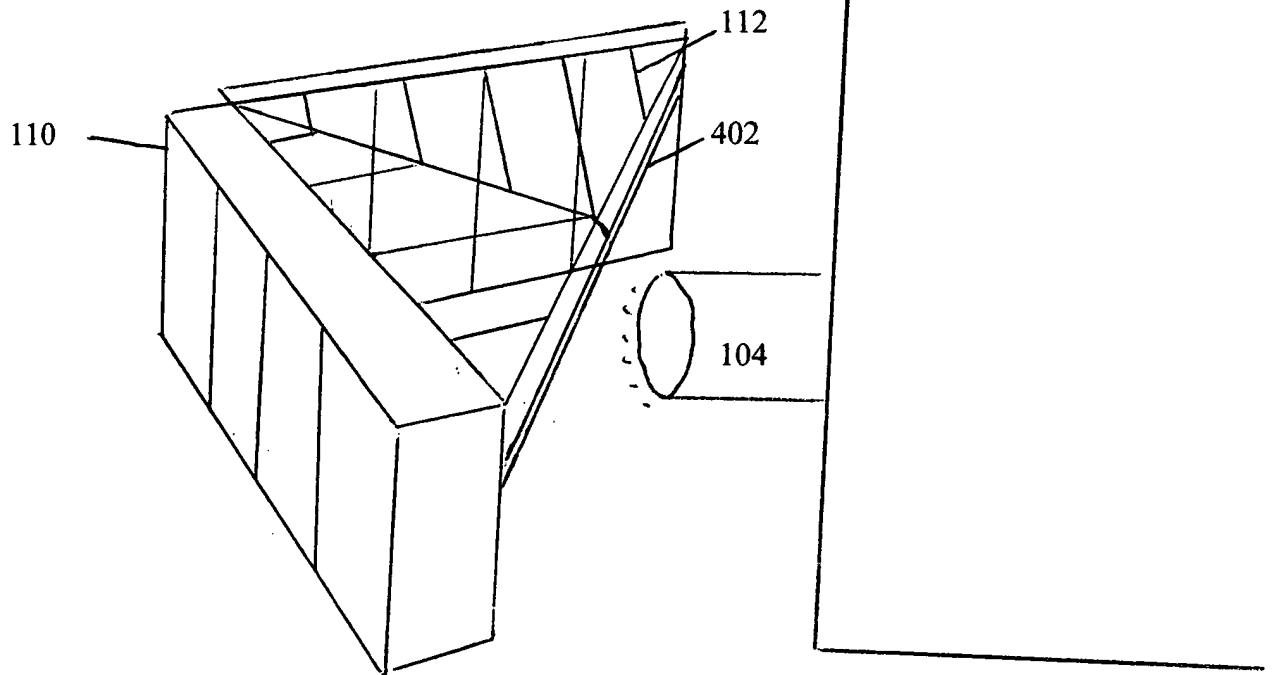

Figure 3

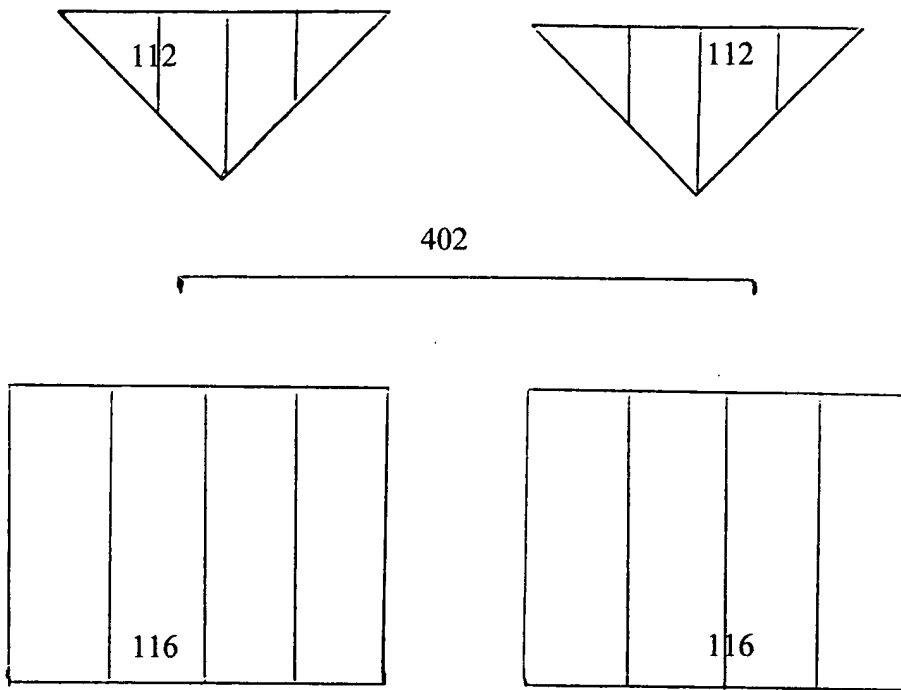

- 104 – Ventilation exhaust ports
- 114 – Side filter system
- 302 – Exhaust fan outlet end
- 304 – Alternate exhaust air escape opening

Figure 4

- 104 – Ventilation exhaust port
- 112 – Top filter system
- 110 – Filter system
- 402 – Support bar for top filter system

Figure 5

- 112 – Top filter sections
- 116 – Side filter sections
- 402 – Support bar for top filter sections
